TEA TREE

Did you Know about the Power of the Plant?

Long ago Tea Tree Oil was used by the Aborigines to cure coughs and colds, brewed as tea and even used to treat cuts and abrasions. Today it has evolved to be one of the most widely used products with a multitude of uses.

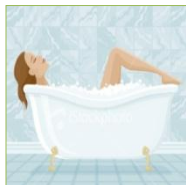

- 1) **Did you know** that hard or dry skin can benefit from a few drops of Tea Tree Oil a nice thought for gardeners
- 2) **Did you know** that Tea Tree Oil is one of the most effective natural ways of treating acne

3) **Did you know** that Tea Tree Oil can be used on burns if immediately applied to the area after running under cold water

4) **Did you know** that it can repel flies and other biting insects on and even kill fleas

5) **Did you know** that if you use Tea Tree Oil on verrucas – it can actually alert the body that it is there and heal it

6) **Did you know** that used in a hot bath, Tea Tree Oil can help with arthritis pain and muscle aches

7) **Did you know** that Tea Tree Oil can be used to treat asthma, colds, flues and bronchitis when steeped into boiling water and inhaling the vapours

8) **Did you know** that if used in dental care, it can kill bacteria in the mouth and when mixed with toothpaste can aid against gingivitis and act as a breath freshener.

9) **Did you know** that Nail infections can be prevented using Tea Tree Oil as a pre-manicure treatment

10) **Did you know** that used in small amounts it can be used as a bathroom cleaner, an air freshener and even an odour remover
