How to...
GET THE SLEEPEST BUN - BY GARNIER'S CELEBRITY STYLIST OLIVER WOODS

STEP 1
Apply mousse to wet hair and dry off. Use a bristle brush and pull back your hair from a fringe. Brush into a high ponytail.
Use a tail comb to backcomb it. Put it through a donut accessory so the donut is resting on your head. Fix with hairspray.

STEP 2
Use the brush to detangle the backcomb. Use the end of the tail comb to push the hair into and around the donut. Keep working with the hair hooked onto itself. There is no hair left, and you should be left with a round bun.

STEP 3
The donut needs to look neat. It's all about creating the textured look. Pin it all into place with the hairpins and it feels secure and fresh with a strong hair pony such as the Fructose Style Bamboo Flexible Hairspray, Extreme Hold, £1.49
