Tea Tree to the Rescue! Metique Skin Wash & Tea Tree Oil Review

Today I'm reviewing a couple of my holiday essentials for this summer. Tea tree oil and a tea-tree body wash, might not be first on most people's packing list, but I've got two words for you.....ingrown hairs.

I can suffer quite badly with ingrown hairs on my legs and bikini line, especially in the summer when you have to keep up with the err....maintenance, and I end up with lots of little bumps which are at risk of getting infected.

For the past six weeks or so I've been using:

the Metique 5% Hygienic Skin Wash in the shower, and the 10% Blended Tea Tree Oil to treat any bumps that have cropped up, and it's really made a big difference.

It's prevented any of the little spots from getting infected, and has helped heal up the pre-existing ones.

METIQUE®

METIQUE® - the Specialists in Tea Tree Oil Products

Tea Tree to the Rescue! Metique Skin Wash & 10% Blended Tea Tree Oil Review

The Skin Wash is non-foaming and non-drying, completely sulphate free and contains Vitamin E, so it's gentler than many traditional antibacterial products. It smells fresh and doesn't leave my skin feeling tight at all.

The Oil contains Tea Tree Oil, Aloe Vera, Vitamin E and Vitamin C to provide a mix of antiseptic properties and antioxidants based on natural activities in a water soluble blend. The antioxidants and vitamins assist to keep the oil stable, as well as protecting and strengthening the skin. I'm hoping I won't need it this summer....but the Blended Oil is also suitable for insect bites, spots and grazes - a great little multi-tasker!

If you haven't heard of Metique, it's a brand that places an emphasis on Health and Hygiene, aimed at Beauty and Healthcare Professionals as well as individual consumers. All of the products in the Metique skin care range are paraben free and formulated with natural vitamin E added to the formulation to prevent any risk of oxidation and to ensure the products maintain the maximum benefits of Tea Tree Oil.

Both of the products I tried would be suitable for men as well as women, especially those who suffer from skin irritation after shaving.

The **Blended Oil** is priced at £7.14 for 25ml, and the Skin Wash £10.20 for 250ml.

Both of these products will last you a long time! Visit [Metique's website](http://www.teatreeoilproducts.co.uk) for the online shop or for more information.
